Parulkumari02

Parul-kumari089

Education

Rajasthan College of Engineering for Women

Bachelor of Technology, Computer Science & Engineering

2023 – 2027

CGPA: 9.36/10

Doon Senior Secondary School

Class XII (CBSE)

2021 – 2022

72.4%

Internship

IBM SkillBuild Virtual Internship

Generative AI & Cloud Computing

June 2026 – July 2026

Virtual

- Learned Generative AI and cloud computing through hands-on training.
- Developed the ResQ disaster response application in a three-member team.
- Contributed to API integration and AWS deployment.

Projects

ResQ – Rapid Emergency Response System | HTML, CSS, JavaScript, FastAPI, AWS, APIs

2026

- Developed an AI-powered disaster response application in a three-member team that enables users to report emergencies, locate nearby shelters, and receive real-time assistance during natural disasters.
- Integrated multiple REST APIs using FastAPI to enable secure data exchange and real-time application functionality.
- Collaborated using Git and GitHub for version control and assisted in AWS deployment.

Food Recognition & Nutrition Analyzer | Python, TensorFlow, MobileNetV2, Streamlit

2025

- Built a deep learning application for food recognition and nutrition estimation.
- Implemented Transfer Learning using MobileNetV2 for accurate food image classification.
- Developed a Streamlit application for real-time prediction.

Credit Card Fraud Detection | Python, Scikit-learn, Pandas, NumPy

2025

- Developed a machine learning model to detect fraudulent credit card transactions.
- Trained a Random Forest classifier on an imbalanced dataset.
- Evaluated the model using standard classification metrics.

IoT Smoke Detection System | ESP8266, MQ-2 Sensor, Arduino IDE, Blynk

2024

- Developed an IoT-based smoke detection system.
- Integrated ESP8266 and MQ-2 to send live alerts via Blynk.
- Triggered alerts when smoke exceeded safety thresholds.

Technical Skills

Languages: Python, Java, C/C++, HTML, CSS

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

AI/ML: Generative AI, TensorFlow, Scikit-learn, OpenCV, Pandas, Numpy

Tools & Technologies: Git, GitHub, Linux, Visual Studio Code

Database: MySQL, SQL

Soft Skills: Problem Solving, Critical Thinking, Communication, Team Collaboration, Quick Learner

Certifications

IBM SkillBuild – Generative AI & Cloud Computing | AI Careers for Women Program (Microsoft, SAP India & Edunet Foundation) | Artificial Intelligence & Machine Learning | Microsoft Azure Fundamentals | Operating System Basics (Cisco) | Introduction to Cybersecurity (Cisco)
